Good Stitches Wish They Had ChartsBy DejaThis book has some nice stitch patterns, but seeing as how some crochet instructions can be difficult to interpret when learning new stitch patterns, I wish this book had the charts as well. Those can usually clear up any confusion with the written.0 of 0 people found the following review helpful. Five StarsBy S. KassThank you!!0 of 0 people found the following review helpful. Afghans are fun to make, cozy to use and make wonderful gifts! This book is a reference tool you will use for years. You can crochet the 101 afghan stitch patterns in baby-, sport-, worsted or bulky-weight yarn and use your own choice of colors. Stitch patterns have been carefully chosen so they are not to open-weave, not too difficult and not too time-

consuming.

Over a hundred stitches for crocheters, and certainly not confined to just crocheting afghans. Both charts and written instructions are included plus a basic crochet guide. Each stitch is photographed in colour and this guide is easy to use. Skill levels are included and there are also a wide variety of stitches. I am sure all crocheters will enjoy this collection of stitches.
