Robin Lewis Wild : 101 Torchon Patterns before purchasing it in order to gauge whether or not it would be worth my time, and all praised 101 Torchon Patterns:

1 of 1 people found the following review helpful. Two Stars By M. Dean It did not download to my Fire correctly 0 of 0 people found the following review helpful. Three Stars By B. tafuni Many easy-to-do designs 2 of 2 people found the following review helpful. A Nice Bit of Torchon By Lorraine Ruiz Clear diagrams and attractive patterns make this a clear winner for someone who enjoys working Torchon lace. There's a nice variety of edgings, insertions, and doilies useful for a range of purposes. In fact, I used one of the insertion patterns for my wedding gown. It turned out wonderful! I gave this four stars instead of five because there is little instruction or troubleshooting for beginners, but the majority of the patterns are not terribly advanced. Still, this is a more than worthy addition to any bobbin lacemaking library.
