Hammett I use many of the alphabets to make crocheted items done in filet crochet and this book and its predecessor are great resources for several crafts. 1 of 1 people found the following review helpful. This book had what I needed. By FunDee I'd lost or misplaced this book and was looking for the "Manly" alphabet that this book had. It looks nice to have on the top of my latest Christmas stocking. 0 of 0 people found the following review helpful. Four Stars By SallyCute!
