If you need miscellaneous designs, this will work. I found only a handful to be useful for my needs.0 of 0 people found the following review helpful. Perfect for small cross stitch projectsBy g. stewartGreat little designs!0 of 0 people found the following review helpful. Really small designsBy MaryllThese designs are best used to fill in spaces, or perhaps in creating your own work in a theme, such as gardening. Or perhaps on a finger towel or baby's bib. The designs really wouldn't show up on anything larger.

There is no limit to the uses for these quick-to-finish cross stitch motifs by Jorja Hernandez. Choose any evenweave

fabric or waste canvas and stitch away in your favorite colors. Designs include flowers, trees, fruits, vegetables, holiday symbols, sewing notions, trains, cars, birds, bugs, pets, foods, and more.
