Hence, I was eagerly awaiting the arrival of our new orchid calendar, not just for its functionality, but to see the photos!They are exquisite, and the calendar is just the right size, to track all of our many timely events. The paper it is printed on is quite sturdy, and one could actually frame the orchid photos quite effectively. Love it!0 of 0 people found the following review helpful. A whole year of orchidsBy Friendliest girl in the class of 55The perfect gift for an orchid-collecting neighbor for whom is was very difficult to find a gift. She enjoyed it all year.

Orchids are the stars of the plant world and The Smithsonian Institution houses over 10,000 different types. Orchids 2011 features vivid images of some of the most interesting with informational text. Eco-friendly paper and inks.
