Mike Swedenberg : 21 1/2 Things to Know Before Self-publishing a Book: 2016 (Get Published) (Volume 1)
before purchasing it in order to gage whether or not it would be worth my time, and all praised 21 1/2 Things to Know Before Self-publishing a Book: 2016 (Get Published) (Volume 1):

1 of 1 people found the following review helpful. easy to understand examplesBy Kari HollowayConsistent, easy to understand examples, and it doesn't beat around the bush. Highly recommend whether you are self publishing or going

the traditional route. 1 of 1 people found the following review helpful. Glad I picked this one up! By CustomerA nice, short book, touching briefly on a number of subjects. Some are pretty basic to anyone who's done any self publishing, while other topics prompt some consideration. A good reference to have on the Kindle. 1 of 1 people found the following review helpful. 5 star By Tasha T. Very helpful and in depth! Must read for every new author planning to publish!! A lot of insight and experience.

"I attended Michael Swedenbergs courses, which made it possible for me to publish my book in both print and digital formats. 21 Things to Know Before Self-Publishing A Book is another way to get to the goal of being a published author. This book will prevent wasted time, mistakes, and frustration. It gives guidance on marketing, formatting, cover design, book and author descriptions, pricing, taking criticism and more. The price of the book is a small investment in getting your book out to the public." - Irene C. *** The book is my lecture presented to writers at Nassau Community College on Long Island. For the last five years I have helped independent writers complete, format and publish their books on Amazon and other online sites. There are reoccurring issues with many of my writers who have labored to complete their first book. Because of their lack of experience in writing and publishing, they make rookie mistakes that require hours of editing and reformatting to correct, all which were avoidable if they had only known. This book, a synopsis of my all-day lecture on self-publishing, helps new writers avoid the many pitfalls they encounter.
