**The Harmony Guides : 220 Aran Stitches and Patterns: Volume 5 (The Harmony Guides)** before purchasing it in order to gage whether or not it would be worth my time, and all praised 220 Aran Stitches and Patterns: Volume 5 (The Harmony Guides):

0 of 0 people found the following review helpful. Been looking for a copy for agesBy TabbyCatThe original Harmony Guides are my absolute favorite stitch dictionaries. Sorry Barbara Walker, I love your stitch dictionaries too, but I like the Harmony Guides better. I have three other Harmony Guides and have been wanting to add this one to my set for ages. Since it is out of print, I could never find it at a price I could afford so I was thrilled to find this one. The older versions of the Harmony Guides are superior to the new version that were published a few years back, even with the

smallish photos in the older versions. This one is just as good as the other Harmony Guides. The only issue I have had with them is that the pages eventually try to come apart from the binding. But that isn't surprising considering the age of the books. If you like Aran stitches, do yourself a favor and hunt down a copy of this book. 11 of 11 people found the following review helpful. One of my first Stitches books, still a favorite. By Designer I must have gotten one of the first of these, and I read it like a novel for the first week I had it. I love the history and maps and photos at the front. I prefer the charting style to what is in a lot of patterns, because I almost always end up using circular needles. I prefer to do top-down in the round knitting whenever I can. I love the photos and the combinations. I think I've used at least something out of this book on at least 10 projects (that actually got finished!) Only complaint: Yes, the binding on my copy came apart fairly early on. So, I punched holes in the sheets and put it all in a 3 ring binder with pages that I print off the internet and little clips of yarns and stuff. The binder has one of those clear plastic covers that I slipped the covers of the book into. This one is just as awesome as the rest of them and I was ecstatic to complete my collection with this one. Will be designing many sweaters in the future!

The Harmony Guides are a series of highly practical, illustrated guides to hand knitting and crochet, explaining basic techniques from start to finish. An easy-to-follow, practical guide to this universally popular stitch, this book includes diamonds, cables, twists, honeycombs, textures, panels, and backgrounds.

From Library Journal Originally published as "The Harmony Guide to Knitting Stitches" (Volumes 1-4) and the "Harmony Guide to Aran Knitting" (Volume 5), this series is notable for its clear color illustrations and photos of each stitch pattern included. In addition, Volumes 4 and 5 offer both written instructions and charts for stitch patterns. Copyright 1998 Reed Business Information, Inc.
