Dave Ingram : 33 Simple Weekend Projects for the Ham, the Student, and the Experimenter before purchasing it in order to gage whether or not it would be worth my time, and all praised 33 Simple Weekend Projects for the Ham, the Student, and the Experimenter:

0 of 0 people found the following review helpful. Five StarsBy ac0axGood book for beginners in ham radio. Easy to follow along and fun projects to build.

Do-it-yourself electronics projects from the most basic to the fairly sophisticated. You'll find station accessories for VHF Fming, working OSCAR satellites, fun on HF, trying CW, building simple antennas, even a complete working HF station you can build for \$100. Also includes practical tips and techniques on how to create your own electronic projects.
