Tons of patterns!By katbri0This book is extremely helpful for finding letters that fit into various projects. I like stitching birth announcements, but I always have trouble fitting the full name, birthday and birth weight into lots of patterns. I bought this book to have a quick reference. Not every letter pattern provides both capitol and lower-case letters, but I was able to mix and match to get the results I wanted. It also has tons of patterns that have me inspired for future projects.0 of 0 people found the following review helpful. Nice book.By Cynthia L. SandersonLots of patterns. Nice book.
