#268839 in BooksColor: White INGRAM 2017-01-10Original language:EnglishPDF # 1 11.60 x .40 x 8.10l, 1.00 #File Name: 162686880880 pagesEach of the 30 puzzles contains color-coded dots, detailed line work and perspective techniques that make the images virtually pop off the pages!From the street scenes urban landscapes, you'll marvel at the art you created.Special 3D glasses included.Pages are perforated for easy removal and display.Softcover; 80 pages. | File size: 79.Mb

From INGRAM : 3D Dot to Dot Cities before purchasing it in order to gage whether or not it would be worth my time, and all praised 3D Dot to Dot Cities:

1 of 1 people found the following review helpful. Fun but...By LaPicaraNice concept, but no perforated pages is a big negative.0 of 0 people found the following review helpful. Four StarsBy Rosemary GrayFun Dot to Dot book.0 of 0 people found the following review helpful. Five StarsBy sylvia synnottAAA+

Complete each color-coded puzzle, and then put on the included 3D glasses and watch street scenes and urban landscapes from illustrious cities such as New York, Amsterdam, Istanbul, and more come to life! With more than 400 dots in each puzzle, these will take you a satisfyingly long time to complete. Develop your hand-eye coordination and increase your concentration skills while you watch detailed line work pop off the page.

About the Author Shane Madden is an award-winning illustrator cover artist, and technical illustrator. He has worked on over 200 published covers for books, magazines, and games, including New York Times bestsellers such as *White Hot Kiss*. Shane has also developed technical illustrations from product renderings to anatomical and biological images and instructional materials. He loves taking on challenges and creating innovative artwork that engages people in new ways. Shane lives in Toronto, Canada, with his family.
