1 of 1 people found the following review helpful. ABSOLUTELY BEAUTIFUL BOOK!By Happy GrandmaLove this book! The photos of the borders are clear and beautiful, the instructions are clearly written, the type font is easy to read. In general, it's a wonderful book and I'm glad I bought it. Can't wait to make something from it. In addition, the book is supposedly used but is in absolutely PERFECT condition -- not even so much as a dog-eared page or a pencil mark. I couldn't ask for better. The book came from Better World Books and it arrived within a week of my order. I'm quite happy with both the book and the service and would definitely order from Better World Books again.0 of 0 people found the following review helpful. Looking forward to using itBy NobodytooI knew what to expect from this book, as I already have several in the series, and it didn't disappoint. It includes a good variety of patterns and the

instructions are clear and easy to follow, using standard terminology. The pictures are also clear so one has a good idea of how the pattern is supposed to look. 0 of 0 people found the following review helpful. you are fantastic!!By Anne N. StoddardOnce again..... Rita Weiss, you are fantastic!!! Will be using this book for many many years to come..... Thank You for the Quick Service, the quality of the book and the purchase price. All in All I am so very pleased.

If you've ever finished knitting a project and thought something was missing, it may be needing a decorative border! This collection of knit borders ranges from narrow to wide and plain to intricate, making it easy to get the perfect border to sew on your project. Some are knit lengthwise while others are knit up-and-down. Some can be knit directly onto your project. The options become endless when you realize that knit borders can also be added to all kinds of linens, clothing, and home fashions.
