**Scarlett Royale : 50 Loom Knitted Stuffed Animal Pattern Collection** before purchasing it in order to gage whether or not it would be worth my time, and all praised 50 Loom Knitted Stuffed Animal Pattern Collection:

Gives descriptions of stitches and techniques at the start of book however, I found most of the pictures very difficult to see what was described. Video links to some projects but, as the author cautions, the patterns in the book have been re-vamped and may not match the video. I am somewhat disappointed but I will keep the book as I like the projects but will check other tutorials for better descriptions of stitches.

A massive collection of loom knitted stuffed animals, along with tons of information on stitch terms, techniques, designing, enlarging, looms, yarns, eyes, fillings, stitches, and soo much more. There are 50 stuffed animal patterns in

this book as well. More than half are revamped patterns I did over the past 4 years, and another large amount of new patterns are in this book. I include photo and written instructions. I include video links, but they are older video links that don't include the revamps, but the links are there for guidelines.

About the AuthorScarlett Royale The Loom Muse is known for her stuffed animal patterns, and many new techniques in loom knitting. She has been loom knitting for 8 years, and designing for 7 years.
