Five StarsBy customerThank you2 of 2 people found the following review helpful. fresh and inspiringBy Christine L. VincentThis book contains designs I had not witnessed before. Definitely inspiring and occasionally unusual. If you are tired of the mundane lace patterns then this book is for you. It has traditional appearing projects as well as contemporary pieces. I found it a wonderful addition to my references.

"50 New Bobbin Lace Patterns" includes fifty original designs for collars and cuffs, window and door hangings, handkerchiefs, tablecloths, napkins, mats, motifs and small decorations, a shawl, a fan, a lampshade and even a patchwork quilt. Most of the patterns feature simple techniques, requiring only a limited number of bobbins and a basic knowledge of Torchon and tape lace. They are therefore suitable for beginners and young lacemakers (including children), as well as for those with greater experience looking for relaxed yet enjoyable projects.
