Lark : 500 Earrings: New Directions in Contemporary Jewelry (500 Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised 500 Earrings: New Directions in Contemporary Jewelry (500 Series):

0 of 0 people found the following review helpful. 500 Earrings: New Directions in Contemporary Jewelry (500 Series)LarkBy DESAFIAI believe the Lark 500 series is one of the most beautiful book series I have ever seen. The photos of the particular product, e.g., this book's Contemporary Earrings, are marvelous as is the artisan's creativity. The next book I purchased from AMAZON is contemporary necklaces, each and every one a jewel, pun intended. I highly recommend any one of the LARK BOOKS as I have purchased a number of them and every time I look through them I get new ideas and they are a total treat.0 of 0 people found the following review helpful. Five StarsBy Jane DoePhoto collection of beautiful examples of fine jewelry design.0 of 0 people found the following review helpful. Satisfied customerBy Doctor MNice addition to my library

Poring through the beautiful images in this exquisite gallery of earrings is like stepping inside a jewelry store filled with remarkable pieces from the finest contemporary jewelers. Juried by award-winning designer Alan Revere, the earrings range from the classic to the avant-garde, and come from an international array of artists, including Cynthia Eid, Rachelle Thiewes, and Jeff and Susan Wise. Their materials include not only traditional gold, sterling silver, copper, and wire, but also more unusual items such as glass, plastic, porcelain, and paper. The earrings are forged,

soldered, chased, and cast, with surface embellishments that run the gamut from enamel and metal foils to patinas and inlay. Expert jewelers, students, artists, and everyone who appreciates fine craftsmanship will enjoy this collection.
