A useful snapshot of how a variety of jewellers are working worldwide - excellent for those who appreciate fine art contemporary jewellery as well as practising jewellers who wish to blow out the cobwebs and challenge themselves with their work. For those artists working across a variety of mediums this is an enjoyable visual resource which may seed new ideas in other mediums. I would like to have read more info on the artist how they approach their work, what informs the work etc.0 of 0 people found the following review helpful. Eye candy for metalsmiths!By Little Old LadyLuscious, inspiring, even to translate into other media (fiber). The photography is clear and shows texture well (important to me). Layout is easy on the eyes and mind. Choice of pieces is exquisite. This will be a great gift for your favorite artist!

This new addition to the 500 gallery-book series presents an outstanding and visually diverse collection of handmade silver art jewelry by both established and emerging international designers. From time-honored forging of cuffs and chokers to cutting-edge brooches and rings, silver's beauty is fully revealed in a range of techniques, styles, and forms that will delight readers. 500 Silver Jewelry Designs will inspire jewelers and crafters of all media, and makes a gorgeous and delightful gift book for women -- and men -- who dream of wearing the world's finest jewelry creations.

"The quintessential inspirational gallery of silver jewelry art. Edgy, innovative, and redefined describe the work contained within these 400-plus pages. The photographs are stunning, as you would expect from a book in Lark's 500 Series. The book itself is a work of art and one I would like to have in my collection." - BeadButton
