I like the fact that they are so easy to make and one can do so many different ones. So many patterns seem to take so long and one is almost tired of the pattern before done. If you like whimsy, and very sweet ideas to do with your thread, this is certainly a book to be cherished. 20 of 20 people found the following review helpful. Amazing book! DelightfulBy C.E.I really enjoy this book. The designs are so charming just like the title says and I can add little details to my own designs from them. I thought the price was very reasonable as well. Also I like the way the designs are grouped in themes. Happy dance for this book!
