0 of 0 people found the following review helpful. 99 Lovable Pets to Cross-StitchBy Heather OutlerThe front cover is deceiving. It shows a "Boston Terrier" for example as being in a normal position not comical which made me think other pets inside the cover were normal as well. Instead the other patterns showed comical pets which may be ok for others but it's not what I wanted. Would I recommend it? Yes No. I would if you're looking for comical patterns; but if you're not then no I wouldn't recommend it.0 of 0 people found the following review helpful. Nice BookBy
