Andy Warhol : A Coloring Book before purchasing it in order to gage whether or not it would be worth my time, and all praised A Coloring Book:

4 of 4 people found the following review helpful. my friend's kid tore a page out of the book, colored it, and dedicated it to meBy Felixmy visit to the Warhol museum introduced me to his drawing. one thing led to another, and i eventually bought this book for a friend to share with her 4-year old daughter. the girl loves the book, and i am now the proud owner of a colored Serpent.i've seen better Warhol drawings and understand that there aren't many in this book (hint: look at page count and dimensions before buying a book), but i think the kid gets the last word in this case.3 of 3 people found the following review helpful. Fun book for coloringBy Jennifer ZornowThis is a lovely coloring book, very high quality. It's fun for adults and bigger kids who still enjoy coloring. My only wish is that there were more drawings in there to color - my kid finished this book in just a few days.1 of 1 people found the following review helpful. It is fun to color his pictures and feel what it might ...By Paula A.I am a huge Andy Warhol fan. It is fun to color his pictures and feel what it might be like to be in his head! This is a great book. No one new how to relax quite like Andy Warhol.

Warhol's charming animal drawings, now available again.It was 1953 when, not long after arriving in New York City, a young artist named Andy Warhol had begun to make his way in the world of commercial illustration. As Arthur Edelman, his former employer, relates in his introductory note, In a hallway of the Empire State Building, outside a

shoe manufacturers office, stood a young man with Jackson Pollock shoes, a rumpled black suit, a portfolio, and a shock of white hair. Over several years, the Edelmans and Warhol worked closely together. Their relationship culminated in a coloring book that could have only come from the mind of Warhol, created especially for clients children for Christmas in 1961, and somewhat of a cause celebre when it was published in 1990. Now back in print, *A Coloring Book: Drawings by Andy Warhol* will amuse and charm a new audience with its delightfully carefree menagerie. 14 black and white illustrations

About the Author Andy Warhol remains one of the best-loved artists of all time. A leader in the genre of Pop Art, his work was strongly influenced by celebrity culture and advertising, where his career began. Arthur Edelman, together with his wife Teddy Edelman, owned Fleming-Joffe Ltd. They gave Andy Warhol his first job in New York.
