I am very pleased with this book. There are some really nice designs - the one on the cover is cute, there is a really nice angel design, a very nice stocking with a cardinal and bunny (done primarily in reds and greens), some designs for ornaments and napkins, a nice Christmas tree, snowman, a stocking with Santa fishing, poinsettias, a couple of "tall skinny" santas (done in 28 linen cloth), and more. Very pleased.0 of 0 people found the following review helpful. Delightful book...a favorite of mine!By SLCThis is my favorite book out all in my collection, and I have about 100 books. The designs are brightly colored, full of detail and just simply adorable. The instructions are clear and easy to follow. Every time I flip the page, I see another project I want to do. This book is a must have so grab one when you can....it was difficult for me to find a nice copy!1 of 1 people found the following review helpful. Beautiful Christmas, Joyful WorldBy CustomerI paid more for this book than I had intended but I took a chance and it paid off. This BHG Annual is packed full of brightly colored Christmas projects. The focus is "Happy Holidays" and the designs are delightful. Actually, I'd call them charmingly unsophisticated. Mostly gifts and ornaments with one table centerpiece. The charts are color coded and symbol coded at the same time but might need to be enlarged for working a project depending on it's size. For me it was a very good

addition to a Christmas library.
