Wearing hand knitted socks or creating them for loved ones are such rewarding experiences! As anyone who has ever worn them can attest, nothing is more comfortable than a pair of hand knitted socks. They are the best gifts a person

can give, and are the nicest way for knitters to treat themselves to something very special. These 23 projects from Cynthia Guggemos include socks for adults and babies, leg warmers, slipper socks, and Christmas stockings with lots of room for gifts from Santa. Most projects include a generous range of sizes, and there is plenty of creativity here to keep knitters on their toes! Patterns include cables, lace, Fair Isle, and more.
