Joey O'Connor : A Guide to Buick Diecast and Collectibles before purchasing it in order to gage whether or not it would be worth my time, and all praised A Guide to Buick Diecast and Collectibles:

1 of 1 people found the following review helpful. Not so goodBy D. WolfordToo many NASCAR models. I prefer them stock so I was disappointed in the book. Didn't see some of my own Buick diecast.4 of 4 people found the following review helpful. A Pretty Good Buick BookBy Brad PeedenWell, I must say that this is a unique and one of a kind book. It has tons of pictures and collectible prices (values). It has alot of items that I don't have in my collection and the ones that I do have it was cool to be able to see the average value of them. I found one in there, a Dale Earnhardt Ertl car, that has over a \$500 value. If you collect buick stuff you need this book. Its about 70% racing items

and the regular stuff only goes back to about the 1960's but thats really ok with me as I am only really interested in the buick muscle cars and the turbo cars. Anyway, hope this helps you if you are thinking about getting this book. And, since there really arent alot of buick books on the market its a great one to just add to your library even if you dont collect buick stuff but are just curious.

A Guide to Buick Diecast and Collectibles is 276 pages with over 700 photos and is the most complete guide to Buick diecast (and plastic) cars/trucks and other Buick collectibles such as literature, apparel, postcards, posters, placemats, etc. Also has a price guide with collector values.

"Of all the Buick books a Buick fan could own, this should be on the top of the list" -- Steven L. Dove
If you're interested in Buick diecast and collectibles, this is the book to have. -- Daryl Riegel, Turbo Buick Newsletter
From the Publisher
A Guide to Buick Diecast and Collectibles took over 1 year to publish and has to be simply the most complete guide to Buick Diecast and Collectibles. In fact, its the only guide to Buick Diecast and Collectibles book on the market.
From the Author
Fellow Buick Enthusiasts! Thanks for reading and hope you enjoy the book. Inside the cover you'll find over 700 photos of various Buick Diecast and Collectible pieces, some rare and hard to find, while other pieces are still available on the shelves. Always interested in hearing from other Buick collectors so give me an email anytime!
