This is a huge waste of money and hours of your time trying to make it work. After all my efforts in even finding a way to enter the card code it only gives me flashcards and quizzes. Total waste of my evening. Deeply disappointing and I'm angry at being sold a worthless card. The textbook is better and somewhat explains basic sewing principles. if not required for a class the Threads sewing book is far superior as a teaching tool. 2 of 2 people found the following review helpful.
