Florence Temko : A Thousand Cranes: Origami Projects for Peace and Happiness before purchasing it in order to gage whether or not it would be worth my time, and all praised A Thousand Cranes: Origami Projects for Peace and Happiness:

Making a strand of one thousand origami cranes has become an international movement for peace, happiness, and health. This book is an update of the Heian classic, with new photographs and projects, plus forty-eight tear-out sheets of colorful chiyogami to get you started. Included is the story of Sadako in Hiroshima and suggestions for how cranes can be used at schools and hospitals, as wedding gifts, and by people everywhere to demonstrate their commitment to world peace.Florence Temko was an internationally known writer on paper crafts and folk arts. Her more than forty books have sold over 2.5 million copies.
