From Brand: Country Bumpkin Publications : A-Z of Ribbon Embroidery before purchasing it in order to gage whether or not it would be worth my time, and all praised A-Z of Ribbon Embroidery:

2 of 2 people found the following review helpful. Another winner for silk ribbon embroidery books!By AracelliThis book adds to the information needed for ribbon embroidery and designs. The step-by-step guides included in this book are very helpful and the photos are lovely works of art themselves. Stitching directions are clear and the photos enhance user ease in this wonderful example of the art of needle work in a practical way for the user-reader. What a wonderful investment and yes, another book to keep in my personal needle art library!Should you want to achieve a three-dimensional look to your ribbon embroidery, then this book is definitely a "must have" for you! After following the directions in this fantastic book, you will be amazed at the realistic appearance of those flowers you have created all by yourself! This book is one you will use over and over and it will never be covered with dust from sitting on your bookshelf! If I lost this book, I would definitely want to replace it. Purchase this book and you will be delighted with it! I highly recommend this gem of a book and it is a bargain for the asking price. The shipping was prompt, the seller was great and who can ask for anything more from , one of my favorite places to shop!1 of 1 people found the following review helpful. Great book with great illustrationsBy SandraThis book showed detailed step by step instructions in color for the novice. I don't think the author missed describing any of the basic designs. It included information about needles, the various types of ribbon, and showed, in pictures, how to knot silk ribbon. It also showed examples of more complicated patterns and designs for the more advanced silk ribbon embroiderer. I am a

novice so I expect that this book will be used as a reference even as I become more advanced.0 of 0 people found the following review helpful. Highly recommendBy Marilyn AyersTaking classes and the teacher recommended this book ~ Easy to follow and making my ribbon embroidery easy to do! Good directions and easy to follow. I highly recommend it for all who ribbon embroider.

The appeal of ribbon embroidery is timeless and throughout the years thousands of embroiderers have been captivated by it's ease of use and fabulous results. In the pages of this book you will find over 40 designs to delight and inspire you, step-by-step photographs to guide you and clear instructions to make you an expert.

July 2007 There are more than 40 designs to inspire you in this book, illustrated by step-by-step photographs to guide you towards expertise. Cross Stitch Collection
