Edward R. Lhotka : ABC of Leather Bookbinding before purchasing it in order to gage whether or not it would be worth my time, and all praised ABC of Leather Bookbinding:

1 of 1 people found the following review helpful. I am starting on binding some of my favorite books in matching leather coversBy Ray NewmanI have never used leather in book binding and was really hesitant until I bought this book. This is a well written and carefully diagrammed treatise on hand bookbinding. After purchasing some materials and making some of the equipment illustrated in the book I did not have, I have successfully completed my first project, a repair of an old leather binding. I am starting on binding some of my favorite books in matching leather covers, which I would not have tried until I bought this book.0 of 0 people found the following review helpful.

EXCELLENT BOOK By Carlos Salazar I received this book two days ago and I am really enjoying it. In my opinion the drawings are clear and the explanations are easy to understand. It is a good reference for those interested in classical bookbinding. 0 of 0 people found the following review helpful. **Four Stars** By Nancy H. Stock Informative book

First Edition. This work is an illustrated manual that shows step-by-step the art and science of fine leather bookbinding. The author learned the ancient craft from one of England's foremost binders, Alfred de Sauty. In this important work, he takes the reader through the intricacies of traditional leather binding. **SALES RIGHTS:** Worldwide except in the UK; available in the UK from The British Library.
