Hardy Amies : ABC of Men's Fashion before purchasing it in order to gauge whether or not it would be worth my time, and all praised ABC of Men's Fashion:

4 of 4 people found the following review helpful. An Informative Book By Mr. Clean This book was originally published in 1964 and sometimes it sounds like it with references to "what will the Beatles wear in the future" and things like that. It was updated in 2007 but many of the references sound dated and were apparently left as-is. It's actually a sort of dictionary with alphabetical listings of style items. It could use more pictures. Photos of the fedora hats look rather ridiculous because they're oddly shaped but "modern" for the 60s. Most of the photos are obviously pictures of 1960s clothing...skinny trousers and even skinnier jackets. Many of the references, though, are timeless as good style is. Even though it has some tiny faults the book is very well written and witty. For instance, the author describes what a deerstalker hat is by saying "Sherlock Holmes can wear one. You can't." The author also does not like

trouser cuffs (called "turn ups")! It's a nice reference book to have nonetheless and a nice read. 0 of 0 people found the following review helpful. Basically a fashion dictionary. By CustomerPretty useless. It's more of a dictionary on fashion terms than an actual mens style fashion guide. I was completely unsatisfied. However, the build quality on the book is very nice. Great paper, nice elastic band to keep the book together, and a pleasing texture on the cover. Wish the contents were as satisfying. 0 of 0 people found the following review helpful. Five Stars By AntonyH All good.

A man should look as if he has bought his clothes with intelligence, put them on with care, and then forgotten all about them. For all men and indeed all women who are interested in mens clothes there is an alphabetical guide to mens fashion written with wit and expert knowledge. From the etiquette of dressing for all occasions to the meaning of technical terms, Hardy Amies skillful eye guides you safely through style decisions on everything from blazers and brogues to skiing and sandals. No man can afford to be without this classic style bible. EXHIBITION SCHEDULE: Victoria and Albert Museum, London, September 22, 2007 January 6, 2008 There's no such thing as a designer of menswear-its only history. The suit around the world is based on the english suit, which began in about 1670. Any man, whether hes american, japanese, french or whatever, who wants to be seriously well dressed, looks to the englishmans suit for how to achieve it. from abc of mens fashion

About the Author Sir Hardy Amies died in 2003, but his legacy and style continues under his protg Ian Garland at Hardy Amies Plc. He opened his fashion house in 1945 and became Dressmaker by Appointment to Her Majesty The Queen. Famous for menswear and his keen eye for classic style, Amies had a regular fashion column in Esquire magazine.
