**From Brand: Kalmbach Publishing Co : ABC's of Model Railroading (Model Railroading for Beginners)**

before purchasing it in order to gauge whether or not it would be worth my time, and all praised ABC's of Model Railroading (Model Railroading for Beginners):

0 of 0 people found the following review helpful. Worth the purchase By Orv Hoger I just received a copy of ABC's of Model Railroading. I have not had the opportunity to really get into the book but a quick look like I will be able to get quite a bit of information from the book. I started model railroading a little over a year ago and am planning my layout. I have quite a bit of equipment gathered together. Some works some does not. Maybe with the help of this book and the internet I can put something together 0 of 0 people found the following review helpful. Five Stars By tom carr GREAT BOOK 0 of 0 people found the following review helpful. ok ok ok By SA Hit was ok but i was looking for an old book i used to have and this was not it i hope i will find it soon i think it might be small railroads you can build but i have not received it yet

This book contains information on model railroads. It is written for beginners.
