Judith Bertoglio-Giffin : African Stripes: a pattern set for bead crochet ropes before purchasing it in order to gage whether or not it would be worth my time, and all praised African Stripes: a pattern set for bead crochet ropes:

4 of 4 people found the following review helpful. I really love these designs.....By USGEMGIRLI really love these designs.....my only problem is in some of the directions, everything is there except crochet instructions. You need to use a very thin thread/cord/etc, with a very small crochet hook. It would have been nice to see illustrations and written instructions regarding how to begin the crochet process. I have been crocheting for years, using all sizes of hooks; but working with these small beads, thin thread and small hook was a real challenge, not to mention trying to change the number of beads for each round. I am working on an alternative method to create the same designs.8 of 9 people found the following review helpful. Alot of money for the amount of bookBy cfcreateIt's my own fault for not checking the page total for this book, but I loved the cover and the three previous reviews sold me. The book arrived and it is 30 pages. That's it, and there are very few inspiration photographs (3). The book contains 2 projects and was quite expensive. Yes, I like the 2 projects that are included and will make them, but I would NOT recommend spending

20.00 for this title. 0 of 0 people found the following review helpful. again thin, confusing, (do you put the parts ...By Customer again thin, confusing, (do you put the parts together? are there any special things you should look out for?) not worth the price

This is a pattern set which is the result of an on-line workshop project. It's based on inspirations and colors culled from African textiles and beadwork. There are multiple pattern sections that are strung, added to the previous section, and crocheted into two necklaces. Each pattern segment can be used alone, modified, or combined with other segments to build individual ropes. You can use the author's colors or chose your own from the inspirational materials. The book does not contain instructions for the bead crochet technique. This pattern set is the result of an on-line Summers project and has all of the patterns and repeats that were used. You can make many different necklaces or bracelets from the material presented. Grow two 45"- 50" necklaces from multiple pattern blocks and crochet them in manageable sections. This pattern set contains: 30 pages of information Complete material requirements African color inspirations Graphs stringing tables Design and construction methods 4 complete projects (2 necklaces, 2 bracelets) 13 pattern sections 30+ pattern repeats Blank graph paper to color Notes, hints, tips Adding in thread and invisible closure This book is the third in a series of pattern sets that are compilations of designs based on a theme.

About the Author Judith Bertoglio-Giffin, international author, artist, designer, and teacher has been beading for over 25 years. She teaches beading workshops nationwide that include advanced bead crochet techniques. She emphasizes many of the creative approaches to the craft. Judith's other beading passions are free-form peyote and bead embroidery. Judith splits her year between studios in NH and AZ. The journey of creation is as important as the finished piece.
