Elizabeth J Harac : Ain't They Cute Amigurumi before purchasing it in order to gage whether or not it would be worth my time, and all praised Ain't They Cute Amigurumi:

16 different Amigurumi patterns to crochet. From Pigasus the Flying Pig to a bunny that lives in a cabbage, you will be delighted at the different items you can make. All sales of this book will go directly to Hands of Hope Needlework, a 501(c)(3) public charity, to support their projects in Africa and Peru to help children gain education and have a better life.

About the Author Elizabeth Harac has been doing crochet since she was 8 and even as a child was designing her own patterns. In January 2010 she founded the charity Hands of Hope Needlework with the idea that through crocheting, knitting and embroidery she could work with established charitable organizations to make a difference in the lives of

children in need. Elizabeth has a BA in theology from Pensacola Christian College and a MLIS from the University of Illinois Urbana-Champaign. She lives with her husband and her two very spoiled cats.
