Zenaida Sengo : Air Plants: The Curious World of Tillandsias before purchasing it in order to gage whether or not it would be worth my time, and all praised Air Plants: The Curious World of Tillandsias:

6 of 6 people found the following review helpful. Beautiful pictures, very stylish and modernBy roboToBeautiful pictures, very stylish and modern.Goes in depth for care of plants,but the reason I love this book so much is the numerous ideas provided on decorating your home with air plants.Modern chic and incorporates nature.Great if you are new to plants, air plants and home decorating with plants.2 of 2 people found the following review helpful. I should have acquired this book 3 years ago!By Jonathan B.I've been keeping Tillandsias for about 3 years now and my collection has really grown - possibly faster than my knowledge of these plants has expanded. I almost blindly ordered this book to help bring my knowledge level up. As it turns out, this book does contain a great deal of information about Tillandsia, but even moreso, this book contains a wealth of information regarding methods and ideas for displaying these plants. Well, I needed that information too! The photographs are great (I feel qualified to say that as one of my undergraduate majors was photography), and the information in this book has inspired me to display my

Tillandias in many different ways. 5 of 5 people found the following review helpful. Beautifully made and well written! By Jessica This book is beautiful, first of all! I consider myself pretty well versed in how to take care of most airplants but this book definitely already has taught me some things I didn't know! I suggest this for anyone who is a serious terrarium maker/ collector and an air plant lover, like myself!

In this beautiful book, artist Zenaida Sengo has provided inspiration for designing and living with tillandsias. Flora Grubb Air Plants, by Zenaida Sengo shows how simple and rewarding it is to grow, craft, and design with these modern beauties. Decorating with air plants is made easy with stunning photographs that showcase ideas for using them mounted on walls, suspended from the ceiling, as living bows and jewelry, as screens, and in unique containers, like leather pouches, dishes, and baskets. Six step-by-step projects include a wood mount, a wall hook, lasso-and-hook wiring, a ceramic-frame garden, and three unique terrariums.

In every gardeners life, the road divides, providing a chance to let go of old snobberies and discover new delights. My heart leapt when I saw Air Plants. . . . I gazed with no small lust in the heart at air plants perching in napkin rings, teacups or bulls horns, as styled by the books artistic author. The New York Times Book Sengo offers fresh possibilities to people who love plants in their home but have little time, limited space, and a general disinclination toward plant care. . . . Sengos informative book offers creative ways to enjoy these quirky plants. Publishers Weekly A timely book for the genus tillandsia, which seems to be popping up everywhere as of late, as the in group of plants. Country Gardens This book, written by Flora Grubb Gardens own Zenaida Sengo and photographed by the insanely talented Caitlin Atkinson, takes a deep dive into different varieties, care, and projects. Sunset A great introduction. . . . Immerse yourself in the wonders of these deceptively simple showstoppers. Chicago Tribune Sengo dishes on the plant. . . . sharing ideas for decorating with the low-maintenance, sculptural wonders. Sengo and photographer Caitlin Atkinson use their homes and the homes of friends to demonstrate how to turn the plants into the perfect accessory for any bright space. San Francisco Chronicle Zenaida Sengo may inspire you to add a little exotic flavor to your environs with these unusual plants. American Gardener This book covers all the basics of growing and crafting with the fuzzy, spiky, sculptural plants that are bonus! low-maintenance and soil free. Denver Life Magazine Step-by-step instructions along with color photographs will help you design a hard-to-kill arrangement, for yourself or gift giving. The Oregonian A truly handy and fun read, with clear, pretty photos and step-by-step how-to projects, this book is not only a guide on choosing and caring for air plants, but also gives us amazingly creative ideas on air plant crafting and design. BoingBoing A plant lovers dream. The Nest
