It doesn't matter if you are a beginner or more advance when making home made products. There is something for everyone in it. I made enough notes and highlights so I can make a quick reference to the material when I need to. Pictures are great as well!1 of 1 people found the following review helpful. This book is both beautiful and usefulBy ColetteThis book is both beautiful and useful. The photographs are lovely and the content is thorough and practical. Just what I wanted in a down-to-earth natural beauty book. Would highly recommend as a gift for self or others!

Over 40 natural, organic beauty treatments and products to make at homeFrom dull skin to drab hair and tired eyes, the traditional recipes in this book can change a multitude of little beauty niggles, and each of the treatments is free from nasty paraffins, synthetic colors, and Triclosan and they can be made at a fraction of the cost of store-bought products.From a nourishing lip balm that will soften your lips, to a chickpea and turmeric face mask, which will make your skin glow, to a shea butter varicose vein body butter, there's something for everyone. Also included are shampoo,

make-up remover, toner, and more. These homemade beauties also make the perfect gift so Karin and Nici also offer tips on how to package your products. Beautifully photographed and with a striking design, Natural Beauty will ensure that you look and feel amazing all year round.
