**Faye Whittaker : All Our Yesterdays Cross Stitch Collection: 33 Charming Designs from Bygone Days** before purchasing it in order to gage whether or not it would be worth my time, and all praised All Our Yesterdays Cross Stitch Collection: 33 Charming Designs from Bygone Days:

However, as I live in the United States, the price of obtaining her patterns has been exorbitant - I was blessed to travel to England several times and bought a few kits each time I went. This book encompasses so many of the older type designs (the newer ones are brighter in color and, to my eye, not quite as pleasing.)Note - while the book does contain a close up of a carousel (unfortunately in the brighter tones), it is not the famous carousel scene Faye Whittaker fans know and love. I believe that pattern is available only as a kit and only

from stores in Europe for the most part. Though it would have been wonderful to have had the carousel, it is understandable that it was not included as it is an actively sold kit. Even without it, the book is a must have for anyone who has ever thought of buying a AOY (All Our Yesterdays) chart or kit. 0 of 0 people found the following review helpful.
