Michele Wilcox : Amigurumi: Animal Friends before purchasing it in order to gage whether or not it would be worth my time, and all praised Amigurumi: Animal Friends:

25 of 25 people found the following review helpful. awesome!By willowThis is one of the only amigurumi books i have found so far that is knitted amigurumi rather than crochet amigurumis and i wish there were more like it .It's easy to do if you know how to do the knitting basics .So far i have done a squirrel and the cat and both looked adorable .Im going to be giving them as christmas presents .6 of 6 people found the following review helpful. Cute and easy!By Patricia A. RedlerAmigurumi: Animal FriendsFinally, a book whose directions work out just as pictured. Also, I would rather knit than crochet. I imagine the little clothes will be fun to make this winter. I have made the owl and scarf, and it is the first animal my grandchildren choose to play with out of all the Amigurumi I have made so far.1 of 1 people found the following review helpful. Amigurumi: Animal Friends, for KnittersBy BarbUp until recently I had

only seen Amigurumi for crocheting so I was quite pleased to see this book. The instructions are detailed and I made the cutest owl. A must book for Amigurumi fans.

This pattern collection features nine animal designs to knit and four accompanying clothing-accessory patterns to knit in the popular amigurumi-style. Animal patterns include an owl, a frog, a teddy bear, a cat, a dog, a skunk, a squirrel, a chick, and a pig. The animal designs use worsted-weight yarn and size-six knitting needles, while the clothing projects are knit from sport-weight yarn and size-three needles. These projects can be given as gifts to children or used to adorn a room.
