I like some of the proverbs too. 0 of 0 people found the following review helpful. A little disappointed By Neil E Moore While I like the variety of design, this book was a disappointment. The pages are not perforated to make removing them from the book easy. The pages are quite thin making it impossible for colors not to bleed thru to other pages. 0 of 0 people found the following review helpful. What I also loved, in addition to the beautiful pictures to color By Lois Jane This exceeded my expectations! What I also loved, in addition to the beautiful pictures to color, were the words of wisdom on each page. I bought these as Christmas gifts and know that my friends

will equally love them!

Inspired by quilts seen in Amish country, many of these designs are based on traditional patterns, but some have been reimagined or repeated multiple times to create more intricate designs to color. Each quilt is printed on only one side of the page; facing pages contain inspirational Amish proverbs. To make the quilts even more colorful and interesting, sketch fabric designs plaids, checks, paisleys, flowers, or abstract shapes into the larger quilt blocks, use pattern stamps, or even collage fabric scraps to the pages. And if the designs inspire you to make quilts of your own, the pages can be used as templates for quilt-making.
