0 of 0 people found the following review helpful. ok for the beginnerBy BThis book is filled with gorgeous images and good information including how to for herbs, habitat, description, but it lacks a lot of herbs. Good for the beginner studying the most commonly used herbs.This book is large and heavy. Not practical as a field guide.0 of 0 people found the following review helpful. An Illustrated Guide to HerbsBy Virginia CarrThis is a beautiful coffee table book that is also very informative. I look forward to curling up on my couch and reading this book.
