I am very much interested in the Ancient Egyptian culture. This book is amazing providing quite a few larger projects including the Sphinx, King Tut, and a goddess. It also has quite a large amount of smaller motifs ideal for bookmarks including Osiris, the eye of Horus, Isis, Anubis etc. At the end of the book you can find a few border designs. This book uses quite a lot of color mostly green, red, yellow, and blue. It provides colored charts containing symbols for easy identification. A definite must have for any cross stitcher!0 of 0 people found the following review helpful.
