Carol Andrews : Ancient Egyptian Jewelry before purchasing it in order to gage whether or not it would be worth my time, and all praised Ancient Egyptian Jewelry:

0 of 0 people found the following review helpful. a much coveted itemBy YeahYeahYeahi recall seeing this ANCIENT EGYPTIAN JEWELRY book in our library (i wk in a museum). I coveted it for years but simply couldnt find it. its an old book, but hey, its about ancient egyptian jewellery (3000 BCE)!The images are good reproductions, quite large and easily read; the pieces themselves are just superb. You can but wonder at the truly incredible ability of the artisans who created these works. The book itself has adequate information, and for a low end \$ the paper and style of the book are fine.Im a happy vegemite!0 of 0 people found the following review helpful. Excellent service and beautiful book.By Patsy A. JacksonThe book was beautiful and information. Exactly as I expected. Has lovely pictures of Egyptian jewelry and abundant information about the process the ancient Egyptians used in making their famous jewelry.1 of 2 people found the following review helpful. Don't buy from any_bookBy FredI got this book in great condition, apparently the original price was much less... or the seller sold it as new. DO NOT BUY FROM the seller any_book It's marked in the back \$25 yet I paid \$125, so yeah... maybe it's because it's out of print? whatever. It's an ok book covering pretty much all the types of intimate jewelry the ancient Egyptians wore. It's kind of short and sweet, pretty nice prints but nothing spectacular. It's worth about \$25 or less in reality. If it is out of print I'd suggest getting it used or waiting for another printing or chose another higher quality book.To sum it up, it's not nearly as impressive a book as I'd hoped for \$125.00 I realized the binding was damaged when I removed the dust jacket and wanted to return

this, they haven't replied back. I initially filed a claim then retracted it not realizing you can only file once. I'll now probably have to call etc. I'm just about done with shopping.

Ancient Egyptian Jewelry 208 pp. A pictorial study of Egyptian jewelry with numerous examples of each variety (e.g., collars, bracelets, anklets, rings, etc.), as well as funerary jewelry. Bibliography, chronological table, illustration source list, and indexes divided into various subject groups follow text. Keywords: JEWELRY ANCIENT EGYPTIAN CULTURE EGYPT EGYPTOLOGY
