Jenny Luan : Anime Doodle Girls: Coloring Book (Volume 2) before purchasing it in order to gage whether or not it would be worth my time, and all praised Anime Doodle Girls: Coloring Book (Volume 2):

2 of 2 people found the following review helpful. 29 Anime style girl designs (inc title page) plus bonus pages printed one side of the page By iiiireader[[VIDEOID:ac705aa26deb1c2eb70ef09f98d668fe]] This is the second in a series of Animal girls by Jenny Luan. This is my first of her books and I am really enjoying it. It should probably be more rightly called manga girls as anime is based on actual animated characters and manga is based on similarly style characters but with no basis in actual animation. The designs are really cute and have a number of characters based on fairy tales, myths, or associated with specific countries or times. The designs are easily colored without a lot of intricate detail. They have framing lines which I really appreciate for a natural stopping point while I am coloring. There are considerable doodle elements included which allows you to use a wide variety of colors in the design if you so choose. There are 29 designs in the book including the design on the title page. In addition, the artist has included

several bonus pages from her other coloring books. It is a fun way to try out her different styles before investing in a new book. This is what I found while coloring in this book and testing the pages with my coloring medium: 29 Animal Doodle style girl designs with bonus pages from other coloring books. Printed one side of the page. Paper is type of CreateSpace paper: thin, white, slightly rough, and non-perforated. Glue Bound. Designs do not merge into the binding and designs have a framing line at the outer edge. Alcohol-based markers bleed through the paper. Water-based markers bleed through in spots. Gel pens and India ink pens leave colorful shadows on the back of the page. India ink pens can seep through in spots if used heavily or in multiple coats. Colored pencils worked nicely with this thin but slightly rough paper. I tested both oil and wax based pencils and got good color with multiple layers of the same color, good results from layers of different colors and nice blending results using a blending stick. Hard lead pencils easily dent through the page and can damage the page below. I suggest using a blotter page of card stock or a couple of sheets of heavier weight paper under your working page. It can keep seeping ink and marring dents from ruining the pages below. 3 of 3 people found the following review helpful. Absolutely Wonderful By Hanford Rose This is a delightful and imaginative second volume of Jenny Luan's beautiful Anime Doodle Girls. I have both of these books and love them both; but I think that this particular books gives a bit more variety, including the fantastic fairytale characters. Here are a few of the pictures from this book that I have completed already. 1 of 1 people found the following review helpful. LOVE This book its great! By Destinys Chyld Love this book I was looking for something I could practice doing flesh in. These girls are super cute and super fun to color =) I love using my prismatic in this book. Definitely a MUST HAVE for anyone thats into adult coloring these days I plan on buying another copy to give as a gift! =D Dont miss out on this one thats for sure.

Description: Fans of anime and manga will enjoy this coloring book filled with 29 hand-drawn, original portraits of anime inspired girls that have fantasy, fairytale and Mythology inspired themes. Items from nature such as pretty flowers, butterfly, or sea shells and other aquatic motifs. Kawaii animals are also part of the drawings here. Intricate, tangle doodle designs are incorporated into the drawings in places such as the young ladies hair and clothing; providing hours of coloring enjoyment. This anime coloring book is especially appealing to teens and pre-teens, but is suitable for all ages...
