**Anne Orr : Anne Orr #13 c.1918 - Tatting** before purchasing it in order to gage whether or not it would be worth my time, and all praised Anne Orr #13 c.1918 - Tatting:

16 Pages. those who love to tat will find this book an invaluable resource to satisfy creative desires. In addition to the instructions for 29 lovely edgings and 11 delicate medallions, there is also an infant's bonnet, tiny bootees, centerpieces, doilies, handkerchiefs and collars. A great book!
