ARRL Inc. : Antenna Compendium Volume 3 before purchasing it in order to gage whether or not it would be worth my time, and all praised Antenna Compendium Volume 3:

0 of 0 people found the following review helpful. Antenna Compendium By Terence F. Hall Compiled in 1992 this collection includes the usual antenna bands and also a direction finding system. Additionally, there is a section on measurements and test equipment and an article on front end overload.

Quench your thirst for new antenna designs, from Allen's Log Periodic Loop Array to Zavrel's Triband Triangle. Discover a 12-meter quad, a discone, modeling with MININEC and VHF/UHF ray tracing.
