3 of 3 people found the following review helpful. Good for intermediates By Joe Peterson As someone still getting into more adult-oriented dot-to-dot books, this a good one for going from beginner to advanced and fits perfect in the middle. I like that the print is bold and the pictures are interesting and quite varied. Good book! 0 of 0 people found the following review helpful. Two Stars By MLewisK The numbers are printed faintly. With some pages numbering in the hundreds, I found it eye straining. 1 of 1 people found the following review helpful. it is a good By Customer Book pages have the dots from 150-400, it might be work with middle school students. The only things I want to say is this

book only have one picture for each page, not the both sides. That might be pity! But anyway, it is a good book
