BThis book is a reproduction of the Priscilla armenian lace book of 1923 by the Priscilla publishing company, which is also pictured here. This book was done by Lacis and it is really easy to follow. Lots of pretty patterns!!!!3 of 3 people found the following review helpful. Beautiful BookBy A 70's GirlThis is a beautiful book and is very inspiring. The talent and incredible patience it took for women to make these lovely pieces, is amazing. I am appreciative that someone took the time to showcase this art form, which is slowly disappearing from our fast paced "make it one weekend" or "crochet for dummies", kind of crafting mentality.3 of 3 people found the following review helpful.
