**Blue Star Coloring : Art Nouveau Birds: A Stress Relieving Adult Coloring Book** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Art Nouveau Birds: A Stress Relieving Adult Coloring Book:

6 of 6 people found the following review helpful. The designs in this book are beautiful, fun  
By BrodieO  
The designs in this book are beautiful, fun, and original. They combine elements of simplicity and intricate detail in a way that gives nearly every page the potential to be thoughtfully colored in and appropriately hung up as art around one's home. Designs appear on one side of each page, meaning that if you really do want to hang any of them up, you won't have to sacrifice any to the inside of the frame. Only downsides are that the paper could be thicker and smoother (I worry about bleed-through when coloring with pens and they feel a little gritty), and I wish there was a list in the front or back of the book specifying the different types of birds throughout. Note: I have received a free copy of this book in exchange for my honest review.  
2 of 2 people found the following review helpful. Beautiful, Well-Thought-Out

Designs, Nice Variety of IntricacyBy escaperoutesusedbooksReally lovely illustrations that show the thought (and cleverness) put into the overall design. I also like that there is a variety of intricacy--some days I feel more focused than I do others, and it's nice to have the choice. All are intricate enough, though, to have a lot of fun with color. I also like that the pages are only printed on one side, so there's less worry about bleed-through. Glad I bought this. Will buy others to give as gifts.1 of 1 people found the following review helpful. Great product, relaxing and coloring!By RuthieSorry for the delay to review it due I had surgery 2 weeks ago so last night finally done my coloring with colored pencils. Great book! Here is my picture below. I received this item free in exchange for my honest review.
