Absolutely Fabulous!By A CustomerThis book is so FULL of ideas and patterns and pics and diagrams it's overflowing! On the back it says: " Don't throw away those scraps of material! If you can sew, you can use them in combination with new fabrics to make stuffed, cloth toys that will delight any child. This how-to book includes complete instructions for making 19 different toys, from a 6" mouse to a 16" camel to a 26" wizard. All the completed toys are shown in 8 color photographs, and the directions are accompanied by over 100 black white photos and line drawings and a pattern for each toy. You'll experience a feeling of accomplishment by creating toys of your own, and your child's handmade dolls will be one-of-a-kind instead of one number of mass-produced items. Once you've mastered The Art Of Making Cloth Toys, the instructions for enlarging and altering patterns will enable you to design your own invention." A Must Have! If you can't find this book here, you might want to look at The Bunnies auctions at eBay. ;)
