**Bernie Berlin : Artist Trading Card Workshop: Create, Collect, Swap** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Artist Trading Card Workshop: Create, Collect, Swap:

0 of 0 people found the following review helpful. A classic. By A H Morris I originally bought this book in paperback years ago. I have dragged it around so much, but on a whim I looked it up to see if a Kindle version was available, and lo, it was! Fantastic book, a real classic. I know that the ATC craze has died off in Australia, but the wonderful range of basic mixed media techniques in this treasure will transpose to art journaling or larger mixed media pieces. I really love this book, and am thrilled to have it at my finger tips wherever I please. The only minor complaint is the number of weirdly inserted letters and partial words scattered throughout. Not much proof reading was done. But that is a minor quibble, as the text is very much secondary to the illustrated steps and beautiful finished pieces of art. Again, I

love this book. When I first got it, I was quite overwhelmed. But with a few more years of playing with paint under my belt is really inspiring. This book is like visiting with an old friend, you will come back time and time again. 0 of 0 people found the following review helpful. Great book for getting started or for fresh ideas. By wildflower Great book for getting started in Artist Trading Cards. Enjoyed learning the history of ATCs. I've wanted this book ever since it was first published and finally I have it. So now I am off to making ATCs. This book is packed with lots of creative ideas. 5 of 5 people found the following review helpful. Not what I expected. By Customer I wanted to get a book with lots of different ideas of how to approach trading cards. Unfortunately the cards featured in this book are all pretty much the same visually. In addition it requires a lots of expensive equipment and supplies to use the different background techniques. While the different backgrounds are nice, this book has not been inspiring and was overall disappointing. If you are looking for inspiration to create a variety of different cards try "1000 Artist Journal Pages." Lots of different approaches as well as backgrounds.

Create and swap mini works of art! The simple act of sharing 2 x 3 pieces of art, known as Artist Trading Cards, knows no boundaries and brings like-souls together like no other form of communication can. Unique statements, passionate emotions and favorite interests can all be expressed in these miniature works of art that are always traded, never sold. Artist Trading Cards Workshop will not only teach you how to create your own cards, combining one or more of the 25+ techniques demonstrated in step-by-step photos, it will also share the ins and outs of trading, finding and organizing card swaps and how to trade with others across the miles or even the continents. Discover ways to create colorful collage backgrounds, make cards from fabric, incorporate painting, stamping, phone book pages, tissue paper, string, stencils and much more. All is revealed in step-by-step photos, but that's not all. You'll also: Learn the ins and outs of trading where to look, what to swap. Find creative ways to store the cards you'll soon be collecting. Be inspired by the cards from 60 talented contributors and over 200 beautiful cards. Become a part of the world-wide phenomenon that starts with Artist Trading Cards Workshop, and share a piece of yourself today! Create. Collect. Swap.
