Glorious photos!We also like the care taken with the shipping -- calendar always arrives in great shape. Thanks!1 of 1 people found the following review helpful. PIECE OF JUNKBy E. de MelloAs I do every 1st of the year I mark all my town's recycling days on the calendar. 2 or 3 days each month with a big red R. Hubby follows that to a T.Not this one, where the pages came loose and I had to use clips to secure them.Very disappointed. I might as well use the town calendar with all the advertising. The quality is better than yours.2 of 2 people found the following review helpful. Five StarsBy D. E. ArthurAnother beautiful calendar!

Joyful heralds of the season, wildflowers adorn landscapes with their brilliant but fleeting glory. A hillside carpeted in a purple haze of Prairie Verbena. The vibrant petals of California Poppies. A hummingbird fluttering near Scarlet Beebalm. And a colorful desertscape of red rock formations, saguaro cacti, and golden Brittlebrush. AUDUBON WILDFLOWERS delivers twelve portraits of North American blooms photographed in their native habitats. These are natures gardens, captured at their most vibrant and most beautiful.

About the Author Audubon's mission is to conserve and restore natural ecosystems, focusing on birds, other wildlife, and their habitats for the benefit of humanity and the earth's biological diversity. Audubon's network of community-based nature centers and chapters, scientific and educational programs, and advocacy on behalf of areas sustaining important bird populations, engage millions of people of all ages and backgrounds in positive conservation experiences.
