**Carl Berger : B-29 The Superfortress** before purchasing it in order to gage whether or not it would be worth my time, and all praised B-29 The Superfortress:

0 of 0 people found the following review helpful. Superfortress reviewBy L. S. BrooksThe book has basic information and is a very good research book. The author had his book in good order and started from the beginning of the B-29 progression as a heavy bomber in WWII.

World War II history of the long-range, high altitude plane that proved the value of strategic bombardment.
