Yona Zeldis McDonough : Barbie before purchasing it in order to gage whether or not it would be worth my time, and all praised Barbie:

On the plus side, I really liked the pictures...they were colorful and had some of my favorite Barbie's. On the negative side, I have to say that I think there was a lot of wasted space...some pages had nothing and/or just a quote by someone (the quotes were not even worth remembering). These pages could have been used better to showcase the doll and I would have liked to see more edgy photos rather than just reproductions of some of Mattel's promo shots. Not bad for the money, but still a little pricey for what you get.0 of 0 people found the following review helpful. Five StarsBy CustomerLove the book and it looks great on my table.0 of 0 people found the following review helpful. The best pics and quotes of Barbie!!!By ARTURO VILLASEORLove the

book, every single page is beautiful, the hardcover is beautiful and the paper quality of the pages are superb, well done Assouline, Barbie deserve it!!!!

With a colorful blend of nostalgia and whimsy, 'Barbie' presents this totemic figure as never before seen - in portraits of vintage figures and accessories and in vivid dioramas of the doll at work and play.
