Butterick Company : Battenberg and Other Tape Laces: Techniques, Stitches and Designs (Dover needlework series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Battenberg and Other Tape Laces: Techniques, Stitches and Designs (Dover needlework series):

4 of 4 people found the following review helpful. wonderful book to ownBy batznthebelfryif you love battenburg lace you will want this one as the old fashioned patterns are many in this book the images are wonderful...from attempting to create some of the lace I now understand why its made by machine you see very little handmade anymore. Its a tough lace to create but for me was fun, interesting something I can now say I have done.0 of 0 people found the following review helpful. Five StarsBy Mary J PappA very good book to learn this craft from scratch.3 of 4 people found the following review helpful. book reviewBy Polly D. SteenhagenI was hoping for more designs to make and there are not may or directions in this book. a reasonable collection of pictures of lace.

Great resource!
