**Gail Fischer : Beaches, Buoys, Boats, and You!: A Cape, Coastal Companion Coloring Book** before purchasing it in order to gage whether or not it would be worth my time, and all praised Beaches, Buoys, Boats, and You!: A Cape, Coastal Companion Coloring Book:

Beaches, Buoys, Boats and You! is a collection of fifteen images of Cape Cod and Cape Ann in Massachusetts by photographer Gail Fischer, converted to line drawings for coloring. In addition to the line drawings surrounding empty space, these pages incorporate grayscale in the background areas to add shading and depth to the final image. Coloring a shaded area is easy-just add dark colors. Originally shot in color, you have the chance to return these images to their original glory, enhanced and improved, as only hand coloring can.

About the Author Gail Fischer grew up in Niagara County near Lake Ontario. She earned her Bachelor and Master of Arts degrees at the State University of New York at Buffalo, where she studied poetry with Mac Hammond, John Logan and Irving Feldman. She shared a special issue of *Audit/Poetry* with Thomas Frosch and was a winner in the Second Biennial Burchfield Center Poetry Competition. She works on the professional staff of the New York State Archives and lives on 97 acres of reforested land dedicated to the protection of songbirds and wildlife.
